Notes:

1. Subdivision applications within areas subject to prior Master Environmental Servicing Plan or equivalent study prepared to the satisfaction of CLOCA will be charged the \$1,810 per hectare fee. For clarity, the review of Master Environmental Servicing Plans or equivalent study is billed separately from the review of Subdivision applications.
2. Plans of Subdivision/Condominium:
  - a. Major re-submissions and major revisions will be surcharged at \$5,850;
  - b. Per hectare fees will be invoiced 50% at draft approval prior to the issuance of conditions to draft plan approval and 50% at final approval prior to the issuance of a clearance letter. Clearance letter fees also apply.
  - c. With the exception of Master Environmental Servicing Plans, Subwatershed Plans or equivalent study, Planning Act applications under concurrent review will be subject to only the higher of the applicable application fee – not the aggregate of multiple fees.
3. A \$106,500 maximum billable fee applies for Plans of Subdivision, Master Environmental Servicing Plans, Subwatershed Plans or equivalent reviews. Fees in excess of \$106,500 for these reviews are subject to negotiation with CLOCA based on the application complexity and CLOCA resources required to review and comment and may include agreed upon mile stone payments.
